The Total Solution for Pool and Spa Access

Swim Training Platforms

Item# F-250TTP and Item#F-150ETP

Two Versions Now Available

Swim Training Platforms were designed to provide a sense of security for young swimmers by raising the pool floor up. Also great for in water seating for adults and children or a water safety station.

Item# F-250TTP
Swim Training Platform

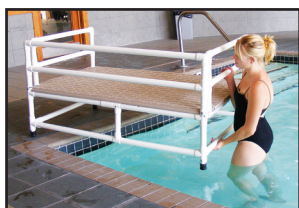

A higher grade of platform with its thick polypropylene decking. Other features include removable hand rails to allow free movement to adjoining platforms and weighted legs to prevent unit from floating. Non-skid rubber feet prevent platform from moving on the pool floor.

Features of Item# F-250TTP:

- 300 Pound (136 kg) weight capacity
- Durable, lightweight PVC construction
- 36" x 60" platform size
- Adjustable height legs from 16" to 21" (41 to 53cm) in 2.5" increments (6cm)
- Optional mesh safety skirt

Options for Item# F-250TTP Only:

- Extendable legs for 18" to 24" height
Item #F-220EL
- Mesh Safety Skirt - Item #F-204MSS

Mesh Safety Skirt

Item# F-150ETP
Economy Training Platform

A less expensive option for budget conscious facilities. Fixed rails and a non-skid deck. Assembly required.

Features of Item# F-150ETP:

- 250 Pound (113 kg) weight capacity
- Durable, lightweight PVC construction
- 32" x 50" platform size
- Adjustable height 18" or 26"
